

MODERN DOUBLE DISC SPECTRO GRINDING MACHINE

S.NO.	DESCRIPTION	QUANTITY
1	(FLOOR MODEL : VARIABLE SPEED) HSN: 84602300	1 No
2	The body is fabricated from heavy-duty Sheet metal	
3	To avoid noise and vibration	
4	Rotating Disc is dynamically balanced	
5	Machine is powder coated finished	
6	The revolving disc is accommodated in a suitable circular frame work to make the machine safer to operate	
7	The machine is powder coated and suitable switch with overload tripping would be provided	
8	A safety guard is provided at the top of the disc.	
9	Air Section for Vacuum Blower	

Technical Specifications:

1	DISC DIA 350mm (Dynamically Balanced)	2 Nos
2	Motor brand Bharat Buijilee / ISI Standard Motors	2 Nos
3	Disc RPM 2880	
4	POWER ON/OFF Starter With over loading Protection	
5	Weight 75 kgs approx.	
6	Power Supply 3Phase MOTOR 2HP 415 volts Ac 50Hz with ISI mark	
7	Machine Size : 800 X 580 X 880 mm
